

# PACTUM BAATEZARAI

*The eyes of Nexus witness the creation of the following contract, proposed and signed by Agamenova Hox, DIRECTOR of the Mages of Thraxai, and \_\_\_\_\_, RECIPIENT of the Mortal Realm.*

*The recipient will, aided by their companions if needed, steal the amber amulet that pends from the neck of Harexa Htu, resident of the Igneous Village, on Hogdrull. They must not speak of this contract to the target, nor eliminate her. The unfulfillment of this task in the next fortnight, or action from the recipient (or their companions) against any of the clauses in this paragraph, will cause the summoning of the Omega Breach.*

*After the conclusion of the task, the Director, with her mighty planar knowledge, will assist the recipient, and their \_\_\_\_ appointed companions: \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, on their journey back to the Material Plane, to the full extent of her innate arcane abilities, such as the crossing of the veil through teleportation.*
